Verbatim language taken from Mr. Daryl Gross under "Persons to be Heard" at the Regular Borough Assembly meeting held March 26, 2013:

*"We do our subsistence of blueberry picking where they are going to cut all of the brush down. We have trees that have green moss in them. We have antibiotics that we make out of it. "*

*"It's ruining our backyards, its ruining everything we do. It's our way of subsistence life. It ruins the blueberry picking, everything. They take everything down, dead or alive. And they take brush, blueberry picking, everything."*
