

CITY AND BOROUGH OF WRANGELL, ALASKA

ORDINANCE NO. 890

AN ORDINANCE OF THE ASSEMBLY OF THE CITY AND BOROUGH OF WRANGELL, ALASKA, AMENDING CHAPTER 3.40 OF THE WRANGELL MUNICIPAL CODE TO ESTABLISH THE THOMAS BAY POWER ADVISORY COMMITTEE, MAKING THE COMMITTEE ADVISORY TO THE WRANGELL AND PETERSBURG BOROUGH ASSEMBLIES, AND ACKNOWLEDGING THE CHANGE IN THE FORM OF GOVERNMENT OF EACH OF THE COMMUNITIES

WHEREAS, on May 30, 2008 the Election Division for the State of Alaska certified the election results of the May 6, 2008 incorporation election for the City and Borough of Wrangell, and

WHEREAS, on January 3, 2013 the Election Division for the State of Alaska certified the election results of the December 18, 2012 incorporation election for the Petersburg Borough, and

WHEREAS, the certified elections confirmed the incorporation of the City and Borough of Wrangell and the Petersburg Borough and dissolved the City of Petersburg, and

WHEREAS, the former City of Wrangell and former City of Petersburg had adopted ordinances substantially identical to provide for the establishment, membership, powers and duties of the Thomas Bay Power Commission (TBPC), and

WHEREAS, the duties of the Thomas Bay Power Commission have changed as a result of the formal transfer of the operation and maintenance of the Tyee Lake Hydroelectric Project to the Southeast Alaska Power Agency (SEAPA) pursuant to the Assignment and Assumption Agreement dated July 24, 2014 between SEAPA, the Petersburg Borough, City and Borough of Wrangell and the Thomas Bay Power Authority. The TBPC is no longer required or needed to supervise, manage or control the design, construction, maintenance or operations of the Tyee Lake Hydroelectric Project. However, it is the desire of the governing bodies of both the Wrangell and Petersburg boroughs to retain a committee (to be known as the Thomas Bay Power Advisory Committee) to serve in an advisory capacity to assist the communities in the investigation, review, evaluation, planning and development of future joint energy needs and projects when assigned by both assemblies; and

WHEREAS, the Assembly of the Petersburg Borough intends to introduce and adopt an ordinance, substantially identical to this ordinance, amending Chapter 3.68 of the Petersburg municipal code.

NOW, THEREFORE, BE IT ORDAINED BY THE ASSEMBLY OF THE CITY AND BOROUGH OF WRANGELL, ALASKA:

A copy of the procedures shall be filed with the borough. Purchases of supplies, materials, equipment, improvements, or contractual services whose cost does not exceed \$5000, excluding freight or shipping costs, may be made without competitive bidding. Each investment manager will have full discretion to make all investment decisions for the assets placed under its jurisdiction, while observing and operating within all policies, guidelines, constraints, and philosophies as outlined in this statement. Specific responsibilities of the investment managers include:

C. Investment of the fund shall be so diversified as to minimize the risk of large losses, unless under the circumstances it is clearly prudent not to do so.

D. The City and Borough of Wrangell may employ one or more investment managers of varying styles and philosophies to attain the fund's objectives.

E. Cash is to be employed productively at all times, by investment in short-term cash equivalents to provide safety, liquidity, and return.

5.26.070 Investment management policy.

A. Preservation of Capital. Consistent with their respective investment styles and philosophies, investment managers should make reasonable efforts to preserve capital, understanding that losses may occur in individual securities.

B. Risk Aversion. Understanding that risk is present in all types of securities and investment styles, the City and Borough of Wrangell recognizes that some risk is necessary to produce long-term investment results that are sufficient to meet the plan's objectives. However, the investment managers are to make reasonable efforts to control risk, and will be evaluated regularly to ensure that the risk assumed is commensurate with the given investment style and objectives.

C. Adherence to Investment Discipline. Investment managers are expected to adhere to the investment management styles for which they were hired. Managers will be evaluated regularly for adherence to investment discipline.

5.26.080 Investment objectives.

The investment objectives for the swimming pool fund are both short term and long term in nature:

A. The short term objective over the first 5 years is to establish the fund and invest on the more conservative side of the asset allocation parameters.

B. The long term objective is to slowly balance the investment portfolio in order to increase earnings over the long term and to review the distribution formula set out in Section 5.26.090C after the first five years so that a larger portion will remain in the fund each year allowing the fund to grow.

C. Objectives for both the short term and long term will be to provide funding for the Swimming Pool Special Revenue Fund which supports the operations and maintenance of the swimming pool, to grow the principal over time, and to avoid excessive risk.

5.26.090 Specific investment goals; distribution of earnings.

A. The goal of each investment manager, over the investment horizon, shall be to:

1. Meet or exceed the market index, or blended market index, selected and agreed upon by the investment committee that most closely corresponds to the style of investment management.
2. Display an overall level of risk in the portfolio which is consistent with the risk associated with the benchmark specified above. Risk will be measured by the standard deviation of quarterly returns.

B. Specific investment goals and constraints for each investment manager, if any, shall be incorporated as part of this statement of investment policy. Each manager shall receive a written statement outlining his specific goals and constraints as they differ from those objectives of the entire plan.

C. Distribution of earnings. Earnings of the swimming pool fund will provide income which can be used to help fund the Swimming Pool Special Revenue Fund. The actual amount of funds to be budgeted and transferred to the Swimming Pool Special Revenue Fund each year will be based on the following formula which uses a three year average:

$$A = ((E1 + E2 + E3)/3) \times 70\%$$

A= the amount that is budgeted for the upcoming year. The actual amount transferred in the upcoming year will be adjusted after the audit is completed and the exact earnings are known.

E1= Total return earned or expected to be earned in the current year when the budget is being prepared for the upcoming year.

E2= Actual total return earned in the previous year

E3= Actual total return earned two years back

In the implementation of this average basis, a projection of the following year earnings will be used in year one and multiplied by seventy percent, a projection of the following year earnings and one year actual in year two will be averaged and multiplied by seventy percent and a projection of the following year earnings and two years actual will be averaged and multiplied by seventy percent in year three and then can be fully implemented in projecting year four.

This formula will allow both a substantial amount of funding from the earnings to be transferred to the Swimming Pool Special Revenue Fund and some to help increase the investment fund over time. The formula will be reviewed every five years or more often to

assure the required funding outcome and fund growth are meeting the needs of the swimming pool.

Special situations:

1. In the event the fund's three year average is a loss, the borough assembly can make the decision whether or not to take money from the principal on a one time basis. If the borough assembly makes the decision to do this, the amount may not be more than 3% of the principal amount in the current year at year end.
2. In the event the amount calculated by the formula exceeds 5% of the principal amount projected at year end, only an amount of 5% will be transferred with any excess amounts to remain in the fund and added to the principal.

5.26.100 Definition of risk.

The City and Borough of Wrangell realizes that there are many ways to define risk. It believes that any person or organization involved in the process of managing the City and Borough of Wrangell swimming pool fund assets understands how it defines risk so that the assets are managed in a manner consistent with the plan's objectives and investment strategy as designed in this statement of investment policy. The City and Borough of Wrangell defines risk as:

A. The probability of not maintaining purchasing power over the plan's investment time horizon.

B. The possibility of surprises (upside or downside) in investment returns.

5.26.110 Liquidity.

To minimize the possibility of a loss occasioned by the sale of a security forced by the need to meet a required payment, the City and Borough of Wrangell will periodically provide investment counsel with an estimate of expected net cash flow. The City and Borough of Wrangell will notify the investment consultant in a timely manner, to allow sufficient time to build up necessary liquid reserves.

5.26.120 Marketability of assets.

The City and Borough of Wrangell requires that all plan assets be invested in liquid securities, defined as securities that can be transacted quickly and efficiently for the plan, with minimal impact on market price.

Such investment managers will receive written direction from the City and Borough of Wrangell regarding specific objectives and guidelines.

3. In the event that the above aggregate asset allocation guidelines are violated, for reasons including but not limited to market price fluctuations, the City and Borough of Wrangell will instruct the investment manager(s) to bring the portfolio(s) into compliance with these guidelines as promptly and prudently as possible. F. Diversifications for Investment Managers. The City and Borough of Wrangell does not believe it is necessary or desirable that securities held in the plan represent a cross-section of the economy. However, in order to achieve a prudent level of portfolio diversification, the securities of any one company or government agency should not exceed five percent of the total fund, and no more than 15 percent of the total fund should be invested in any one industry. Individual treasury securities may represent five percent of the total fund, while the total allocation to treasury bonds and notes may represent up to 100 percent of the plan's aggregate bond position.

The City and Borough of Wrangell intends to evaluate the portfolio(s) over at least a three-year period, but reserves the right to terminate a manager for any reason including the following:

A. Investment performance which is significantly less than anticipated given the discipline employed and the risk parameters established, or unacceptable justification of poor results.
