

# **Road Closure**

## ***Evergreen Avenue***

**Beginning Wednesday, May 26th through Friday, May 28th, the Evergreen Avenue roadway will be closed to both lanes of traffic at the 5th Avenue intersection. The purpose of the closure is to allow the Contractor to install a new water utility main-line valve.**

**Traffic will be required to route in and out on their respective sides of the closure at 5th Avenue, since a circular driving loop will not be possible around the “airport loop.” Detour signs will be provided.**

**Access for emergency vehicles will be via the same re-route. Detour signs will be provided.**

For questions or more information, contact  
White Enterprises at 907-305-0544.
