the board finds that the protest is arbitrary, capricious, and unreasonable.

(b) A local government may recommend that the board approve an application for a new license, renewal of a license, or transfer of a license to another person subject to a condition. 3 AAC 306.620. Approval of testing facility. (a) A person seeking a marijuana testing

facility license must first obtain the approval of the board by showing competence to perform each test the licensee will offer as an independent third party testing facility, including tests to identify

3 AAC 306.625. Proficiency testing program. (a) When an accredited proficiency testing program becomes available in the state, the board may require an applicant for a marijuana testing facility license to participate successfully in a proficiency testing program within 12 months before receiving a license. The proficiency testing program must require an applicant for a marijuana testing facility license or a participating licensed marijuana testing facility to analyze test samples using the same procedures with the same number of replicate analyses, standards, testing analysts, and equipment that will be used for product testing. Successful participation means the positive identification of 80 percent of the target analytes that the testing facility reports, and must include quantitative results when applicable. Any false positive results reported will be considered an unsatisfactory score for the proficiency test.

(b) Before renewing the license of a marijuana testing facility, the board may require the

The license of a marijuana testing facility may be limited, suspended, or revoked if the facility fails to participate and receive a passing score in a proficiency testing program.

(c) The scientific director and each testing analyst of an applicant for a marijuana testing facility license and a licensed marijuana testing facility that participated in a proficiency test shall sign a corresponding attestation statement. The scientific director must review and evaluate each proficiency test result.

(d) An applicant for a marijuana testing facility license, and a licensed marijuana testing facility participating in the proficiency testing program, shall take and document remedial action when the applicant or the facility meets the standards of (a) of this section, but scores less than 100 percent in a proficiency test. “Remedial action” means the marijuana testing facility’s scientific director shall, at a minimum, review all samples tested and results reported after the date of the marijuana testing facility’s last successful proficiency test. (2) notify the board of any alternative scientifically valid testing methodology the facility proposes to use for any laboratory test it conducts; the board may require third-party validation of any monograph, peer reviewed scientific journal article, or analytical method the

marijuana testing facility proposes to follow to ensure the methodology produces comparable and accurate results.

(b) An applicant for a marijuana testing facility license and the holder of a marijuana testing facility license must observe good laboratory practices.

(c) The board or the board's contractor may inspect the practices, procedures, and programs adopted, followed, and maintained by the applicant or the licensed marijuana testing facility; and may examine all records of the applicant or the licensed marijuana testing facility that are related to the inspection. The board may require an applicant or a licensed marijuana testing facility to have an independent third party inspect and monitor laboratory operations to assess testing competency and the facility's compliance with its quality program. The board may require random validation of a marijuana testing facility's execution of all testing methodologies the facility uses. The marijuana testing facility must pay all costs of validation. (a) The director, an enforcement agent, an employee of the board, or a peace officer acting in an official capacity, may issue an inspection report, an advisory report, or a notice of violation before taking action to suspend or revoke a marijuana establishment license.

(b) An inspection report documents an investigator's inspection of licensed premises. An inspection report must be prepared on a form the board prescribes and include information prescribed by statute, regulation, or the board.

(c) The director, an enforcement agent, an employee of the board, or a peace officer may issue an advisory notice when an incident occurs or a defect is noted that could result in a violation of a statute, regulation, or municipal ordinance. An advisory notice may result from an

inspection report, but is not a basis for administrative action unless the incident or defect continues or is not corrected.

(d) The director, an enforcement agent, an employee of the board, or a peace officer may issue a notice of violation when an inspection report or other credible information shows a marijuana establishment is in violation of AS 17.38, this chapter, or other law relating to marijuana. The notice of violation must be delivered to the marijuana establishment at its licensed premises, and to the board. The notice must describe any violation, and cite the applicable statute, regulation, or order of the board. A marijuana establishment that receives a notice of violation may respond to the notice orally or in writing, and may, within ten days after receiving the notice, request an opportunity to appear before the board. (b) The board may suspend or revoke a license issued under this chapter, refuse to renew a license, or impose a civil fine, if the board finds that a licensee for any marijuana establishment

(1) misrepresented a material fact on an application for a marijuana establishment

license, or an affidavit, report, or signed statement under AS 17.38 or this chapter; or

(2) is following any practice or procedure that is contrary to the best interests of the public, including

(A) using any process not approved by the board for extracting or manufacturing marijuana concentrate or products; or

(B) selling or distributing any marijuana concentrate or product that has not been approved by the board;

(3) failed, within a reasonable time after receiving a notice of violation from the director, to correct any defect that is the subject of the notice of violation of

(A) AS 17.38 or this chapter;

(B) a condition or restriction imposed by the board; or

Unless the board finds that the local government's notice is arbitrary, capricious, and unreasonable, the director will prepare the notice and supporting evidence as an accusation against the marijuana establishment under AS 44.62.360,

(1) the licensee was physically present when the violation occurred, and knew or should have known, the violation was occurring and took no action to stop it;

(2) the licensee failed to adequately supervise the agent or employee;

(b) When the director issues a summary suspension under this section, the director shall immediately give the marijuana establishment subject to the summary suspension order notice of the reasons for the summary suspension, and of the time and place for an expedited hearing before the board.
