Appendix **B1**

Determining Benefit to Low and Moderate Income Persons

☒ **Who must submit this appendix with their application?**

Every applicant for CDBG funds, regardless of project or category.

☒ **What is the purpose of this appendix?**

The national objective of the CDBG program is to benefit Low to Moderate Income (LMI) persons. Every applicant for CDBG funds **must** submit this appendix in order to verify that they meet this national objective.

On the following pages is a checklist which addresses each way in which a project can meet this national objective. You must work through the checklist until one of the starred notations indicates you need go no further.

Note: *If the project will not serve the entire community or if the data in Part 1 of Appendix B3 does not reflect that at least 51% of the community residents are LMI, you will need to conduct a survey of the area to be served by the project **prior** to submission of an application. **Contact CDBG Program staff for the survey methodology that must be utilized.** Survey results will be considered valid until the next application cycle or the next census data is published.*

Note: *If a project that meets the job creation benefit is in a primarily residential area, you must also show that you meet the area-wide benefit.*

Note: *Planning applications must demonstrate that at least 51% of the persons who would benefit from implementation of the plan, or a project which results from the plan, are LMI.*

Section 1: LMI Area-Wide Benefit

Complete Section 1 if you think your project meets the definition of an **Area-Wide Benefit** as defined on Pages 19 – 20 of the CDBG Handbook.

1. Identify the community your project will serve. _____

Note: *If more than one community will be served, contact DCCED for an LMI determination.*

2. Will your project serve the residents of the entire community? ☐ Yes ☐ No
3. If you answered **NO** to question #2, skip to question #10.
If you answered **YES** to question #2, refer to Part 1 of Appendix B. Is your community identified by census data as being at least 51% LMI according to Part 1 of Appendix B? ☐ Yes ☐ No
4. What is your community LMI % _____

★ If you answered **YES** to both questions #2 and #3, your project meets the criteria for providing an Area-Wide Benefit to LMI residents. STOP HERE.

5. If you answered **YES** to question #2 above, but **NO** to question #3 above, you will need to contact DCCED for information on conducting a survey to show that the income figures provided by census data in Part 1 of Appendix B are no longer valid and that your community is in fact at least 51% LMI.
6. Do the figures in Part 1 of Appendix B indicate that you must conduct a survey? ☐ Yes ☐ No
7. Have you contacted DCCED for survey methodology and followed those instructions in conducting your survey? ☐ Yes ☐ No
8. Did you include the survey that was completed prior to submission of your application? ☐ Yes ☐ No
9. Did the survey results indicate that the residents of the entire community are at least 51% LMI as defined by census data income guidelines in Part 2 of Appendix B. ☐ Yes ☐ No

★ If you answered **YES** to questions #6, #7, #8, and #9, your project meets the criteria for providing an Area-Wide Benefit to at least 51% LMI residents. STOP HERE.

10. If you answered **NO** to question #2, you will need to identify the specific area within your community which will be served by this project. Prior to submission of an application contact DCCED for information on conducting a survey to show that the residents of that area are at least 51% LMI defined by census data.

Specific area within the community to be served:

11. After identifying the specific area within your community to be served by the project, have you contacted DCCED for survey methodology and followed those instructions in conducting your survey? ☐ Yes ☐ No
12. Did you include the survey that was completed prior to submission of your application? ☐ Yes ☐ No
13. Did the survey results indicate that the residents of the area to be served are at least 51% LMI as defined by census data guidelines in Part 2 of Appendix B? ☐ Yes ☐ No

★ **If you identified the specific area to be served in question #10 and answered YES to questions #11, #12 and #13, your project meets the criteria for an Area-Wide Benefit to at least 51% LMI persons. STOP HERE.**

Section 2: LMI Limited Clientele

Complete Section 2 if you think your project meets the criteria for Limited Clientele as defined on Page 20 of the CDBG Handbook.

1. Will your project benefit one of the specific groups of people listed below? ☐ Yes ☐ No

If yes, please check the group to be served by this project:

| <input type="checkbox"/> Battered Spouses | <input type="checkbox"/> Migrant Farm Workers |
| <input type="checkbox"/> Homeless Persons | <input type="checkbox"/> Persons living with the disease AIDS |

★ If you answered **YES** to question #1 and checked the appropriated group, your project meets the Limited Clientele criteria for serving 51% LMI persons. STOP HERE.

2. If you answered **NO** to question #1, you will need to identify the specific group of people your project will serve and provide information to show that at least 51% of those persons have income at or below the income figures listed in Part 2 of Appendix B.

Specific group within the community to be served:

3. Have you provided family size and financial information which shows that at least 51% of the persons who make up the group identified in question #2 above have income at or below that shown in the income tables in Part 2 of Appendix B? ☐ Yes ☐ No
4. Have you included family size and income information with your application? ☐ Yes ☐ No

★ If you identified a specific group to be served in question #2 above and answered **YES** to questions #3 and #4, your project meets the Limited Clientele criteria for serving at least 51% LMI persons. STOP HERE.

Section 2: LMI Limited Clientele

Page Two

5. Does your project impose income eligibility requirements, which limit the activity exclusively to LMI persons as defined by census data in Part 2 of Appendix B? ☐ Yes ☐ No

★ If you answered YES to ANY of the questions asked in #5, #6, #7 OR #8, your project meets the Limited Clientele criteria for serving at least 51% LMI persons. STOP HERE.

Section 3: LMI Housing Activities

Complete Section 3 if you think your project meets the criteria for **Housing Activities** as defined on Page 21 of the CDBG Handbook.

Note: The State of Alaska CDBG Program does not target Housing Activities.

1. Does your project include activities which add or improve permanent residential structures which are either owner or renter occupied one-family or multi-family structures? ☐ Yes ☐ No
2. Upon completion of the residential units, will at least 51% of the units of the project be occupied by LMI persons with renter units available to LMI persons at affordable rents? ☐ Yes ☐ No

Note: *If a project that meets the job creation benefit is located in a primarily residential area, you must also show that you meet the area-wide benefit (Section 1).*

1. Does your project create or retain jobs (as defined on pages 21 – 22 of the CDBG Handbook) which are held or which will be available to LMI persons? ☐ Yes ☐ No
2. Have you completed and signed the attached Job Creation and Retention Certification Forms? ☐ Yes ☐ No
3. Are you prepared to report monthly to DCCED on your progress in meeting Job Creation and Retention requirements? ☐ Yes ☐ No

★ If you answered YES to questions #1 – 3, your project meets the Job Creation & Retention criteria for serving at least 51% LMI persons. STOP HERE.

Appendix **B2**

Job Creation/Retention Forms

☒ **Who must submit this appendix with their application?**

Any applicant for CDBG funds who is meeting the LMI Benefit in Appendix B1 through Job Creation/Retention activities. You may not use Job Creation and Retention for meeting the LMI Objective for a Planning Application.

All projects meeting the LMI benefit through Job Creation/Retention activities must document and report the Ethnic/Racial characteristics of the persons who fill the job positions.

☒ **What is the purpose of this appendix?**

An applicant proposing to meet the LMI benefit through job creation/retention is committing to tracking the required job data. The first page of this Appendix is to be filled out (indicate the number of jobs involved) and submitted with your application. The second and third pages are for your information, and need not be submitted at this time; these will be required reports during the life of your grant, if funded.

Job Creation/Retention Certification

The Applicant, by signature and submittal of this application, acknowledges the requirement that, if awarded, this Community Development Block Grant Project will, during the life of the project or within two years of the start date of the project, whichever is less, result in either the creation of _____ (number) permanent, full-time equivalent jobs, 51% of which must be filled with persons of LMI households, or the retention of _____ (number) permanent, full-time equivalent jobs held by LMI persons. Job titles and descriptions for those jobs expected to be created or retained are attached.

A full-time equivalent job is defined as one in which the incumbent works at least forty (40) hours per week on a year-round basis. Low to moderate household income is defined as 80% of the median household income for the employee's family size for the area in which the project is located. Median household income information for the area in which this project is located is identified on the Income Limits Table, which is a part of Appendix B. Updates to this income data will be provided by the Department to the applicant as made available through HUD.

The applicant acknowledges that in order to justify expenditure of CDBG funds as outlined in this application and any subsequent grant agreement, the applicant will be required to maintain and submit information to the Department **monthly** which documents Job Creation activities and progress in meeting placement goals for LMI persons. This documentation will include the following information, which will be collected through use of the attached **Employee/Job Applicant Certification Form**:

1. Name, address, and social security number of each applicant for all jobs created by this project;
2. Household size for each job applicant;
3. Household income for each job applicant;
4. Racial/Ethnic characteristics.

Copies of each Employee/Applicant Certification Form will be submitted to the Department monthly by the Grantee.

Additionally, the Applicant/Grantee will be required to submit a **Job Creation Monthly Report**, copy attached, which summarizes the specific jobs created during the monthly reporting period, as well as the name, household income, family size, and date of hire for new hires during the month being reported. Racial/Ethnic characteristics will also be included.

The Applicant/Grantee further understands that failure to meet the job creation projections outlined in this certification and any subsequent grant agreement will result in withholding payment or a request for repayment of all or part of the grant funds.

Definitions: **Income:** Income includes all money or its equivalent received by members of a household in exchange for labor or services, from the sale of goods or property, public assistance payments, or as profit from financial investments. For clarification of special circumstances, contact your Grant Administrator.

Full-time equivalent: A position in which the employee works at least 40 hours per week (2,080 hours per year) on a year-round basis. A full-time equivalent position can result, for example, from two part-time permanent employees working 20 hours per week each. For clarification of special circumstances, contact your Grant Administrator.

Household/Family: A household consists of all members of a family, both adults and children, regularly sharing a single dwelling.

Employee Job Applicant Certification

The City/Borough to which you are now applying is the recipient of financial assistance through the State of Alaska's Small Cities Community Development Block Grant (CDBG) Program. As part of the program requirements, the City/Borough must report the number of jobs created for persons from low to moderate income households. This information is not part of the selection process and will not be used in determining which persons will be hired. This information is being requested to assist the City/Borough in satisfying the U.S. Department of Housing & Urban Development's requirements for documentation of the beneficiaries of CDBG assistance.

Environmental Review Information

☒ **Who must submit this appendix with their application?**

Appendix D is provided for your information only and should not be submitted with your application.

☒ **What is the purpose of this appendix?**

Every applicant for CDBG funds must obtain appropriate environmental clearances for their proposed activity, as required by the federal regulations which accompany expenditure of any federal funds. DCCED will make a determination regarding the environmental requirements of each project. *The applicant may not make this determination.* Successful applicants will receive information about appropriate procedures for Environmental Review after notification of award.

Note: *All project activity must **stop at the time of submitting the application** and until the Environmental Review Requirements are met, including project activities funded with non-CDBG matching funds.*

Environmental Review

Each CDBG activity must obtain appropriate environmental clearances as required by 24 CFR Part 58 of NEPA and all related laws and authorities. DCCED will make a determination regarding the environmental requirements of each project and notify each grantee about appropriate procedures **after notification of award**. Projects will be determined by the Department to be either:

1. **EXEMPT** from further environmental review; *OR*
2. **CATEGORICALLY EXCLUDED** from further environmental review; *OR*
3. Requiring completion and submission of an **ENVIRONMENTAL STATUTORY CHECKLIST** and the **ENVIRONMENTAL ASSESSMENT CHECKLIST** to determine whether the project will or will not have a significant impact on the human environment. Based upon these checklists, if it is determined that the project will have a potentially significant impact on the human environment, the grant recipient will be required to do an **ENVIRONMENTAL IMPACT STATEMENT** (EIS). The procedure for completion of an EIS is spelled out in 24 CFR Part 58 Subparts H and I.

The following activities, subject to HUD regulations, have been designated **EXEMPT**:

- ✓ Environmental studies or assessments;
- ✓ Planning activities;
- ✓ Reasonable engineering and design costs associated with an eligible activity;
- ✓ Interim assistance under provisions for imminent threats to health and safety when the assistance does not result in permanent changes to the environment.

The following activities, or any combination thereof, are **CATEGORICALLY EXCLUDED**:

- ✓ Acquisition, construction, reconstruction, rehabilitation, or installation of public facilities and improvements, and authorized economic development activities under the CDBG program, provided that continued use remains without change in scale, size, capacity, location or character;
- ✓ Removal of architectural barriers;
- ✓ Rehabilitation of buildings and improvements, provided that unit density of building occupancy is not increased more than 20%, the project does not involve changes in land use classification, and the estimated cost of rehabilitation is less than 75% of the total.

Joint Application Agreement

☒ **Who must submit this appendix with their application?**

If two or more eligible applicants are submitting a single application for CDBG funding, the Joint Application Agreement must be filled out, signed by all parties, and submitted with the application

☒ **What is the purpose of this appendix?**

The Joint Application Agreement is one step in the required citizen participation process, and establishes a responsible party for the administration of the grant agreement, if funded.

On the following page is one suggested format for this Joint Application Agreement. You may change the format only to the extent that it does not eliminate the key components, including delegation of responsibility, access to records, and signature by all parties.

Form HUD-2880 (3/13)

Public reporting burden for this collection of information is estimated to average 2.0 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

Privacy Act Statement. Except for Social Security Numbers (SSNs) and Employer Identification Numbers (EINs), the Department of Housing and Urban Development (HUD) is authorized to collect all the information required by this form under section 102 of the Department of Housing and Urban Development Reform Act of 1989, 42 U.S.C. 3531. Disclosure of SSNs and EINs is optional. The SSN or EIN is used as a unique identifier. The information you provide will enable HUD to carry out its responsibilities under Sections 102(b), (c), and (d) of the Department of Housing and Urban Development Reform Act of 1989, Pub. L. 101-235, approved December 15, 1989. These provisions will help ensure greater accountability and integrity in the provision of certain types of assistance administered by HUD. They will also help ensure that HUD assistance for a specific housing project under Section 102(d) is not more than is necessary to make the project feasible after taking account of other government assistance. HUD will make available to the public all applicant disclosure reports for five years in the case of applications for competitive assistance, and for generally three years in the case of other applications. Update reports will be made available along with the disclosure reports, but in no case for a period generally less than three years. All reports, both initial reports and update reports, will be made available in accordance with the Freedom of Information Act (5 U.S.C. §552) and HUD's implementing regulations at 24 CFR Part 15. HUD will use the information in evaluating individual assistance applications and in performing internal administrative analyses to assist in the management of specific HUD programs. The information will also be used in making the determination under Section 102(d) whether HUD assistance for a specific housing project is more than is necessary to make the project feasible after taking account of other government assistance. You must provide all the required information. Failure to provide any required information may delay the processing of your application, and may result in sanctions and penalties, including imposition of the administrative and civil money penalties specified under 24 CFR §4.38.

Note: This form only covers assistance made available by the Department. States and units of general local government that carry out responsibilities under Sections 102(b) and (c) of the Reform Act must develop their own procedures for complying with the Act.

Part I. Threshold Determinations - Applicants Only

Part I contains information to help the applicant determine whether the remainder of the form must be completed. **Recipients filing Update Reports should not complete this Part.**

If the answer to *either* questions 1 or 2 is No, the applicant need not complete Parts II and III of the report, but must sign the certification at the end of the form.

Part II. Other Government Assistance and Expected Sources and Uses of Funds.

A. Other Government Assistance. This Part is to be completed by both applicants and recipients for assistance and recipients filing update reports.

Applicants and recipients must report any other government assistance involved in the project or activity for which assistance is sought. Applicants and

recipients must report any other government assistance involved in the project or activity. Other government assistance is defined in note 4 on the last page. For purposes of this definition, other government assistance is expected to be made available if, based on an assessment of all the circumstances involved, there are reasonable grounds to anticipate that the assistance will be forthcoming.

Both applicant and recipient disclosures must include all other government assistance involved with the HUD assistance, as well as any other government assistance that was made available before the request, but that has continuing vitality at the time of the request. Examples of this latter category include tax credits that provide for a number of years of tax benefits, and grant assistance that continues to benefit the project at the time of the assistance request.

The following information must be provided:

1. Enter the name and address, city, State, and zip code of the government agency making the assistance available.
2. State the type of other government assistance (e.g., loan, grant, loan insurance).
3. Enter the dollar amount of the other government assistance that is, or is expected to be, made available with respect to the project or activities for which the HUD assistance is sought (applicants) or has been provided (recipients).

- B. Non-Government Assistance. Note that the applicant and recipient disclosure report must specify all expected sources and uses of funds - both from HUD **and any other source** - that have been or are to be, made available for the project or activity. Non-government sources of funds typically include (but are not limited to) foundations and private contributors.

Part III. Interested Parties.

This Part is to be completed by both applicants and recipients filing update reports. Applicants must provide information on:

1. All developers, contractors, or consultants involved in the application for the assistance or in the planning, development, or implementation of the project or activity and
2. any other person who has a financial interest in the project or activity for which the assistance is sought that exceeds \$50,000 or 10 percent of the assistance (whichever is lower).

Note: A financial interest means any financial involvement in the project or activity, including (but not limited to) situations in which an individual or entity has an equity interest in the project or activity, shares in any profit on resale or any distribution of surplus cash or other assets of the project or activity, or receives compensation for any goods or services provided in connection with the project or activity. Residency of an individual in housing for which assistance is being sought is not, by itself, considered a covered financial interest.

The information required below must be provided.

1. Enter the full names and addresses. If the person is an entity, the listing must include the full name and address of the entity as well as the CEO. Please list all names alphabetically.
2. Entry of the Social Security Number (SSN) or Employee Identification Number (EIN), as appropriate, for each person listed is optional.
3. Enter the type of participation in the project or activity for each person listed: i.e., the person's specific role in the project (e.g., contractor, consultant, planner, investor).
4. Enter the financial interest in the project or activity for each person listed. The interest must be expressed both as a dollar amount and as a percentage of the amount of the HUD assistance involved.

Note that if any of the source/use information required by this report has been provided elsewhere in this application package, the applicant need not repeat the information, but need only refer to the form and location to incorporate it into this report. (It is likely that some of the information required by this report has been provided on SF 424A, and on various budget forms accompanying the application.) If this report requires information beyond that provided elsewhere in the application package, the applicant must include in this report all the additional information required.

Recipients must submit an update report for any change in previously disclosed sources and uses of funds as provided in Section I.D.5., above.

Notes:

1. All citations are to 24 CFR Part 4, which was published in the Federal Register. [April 1, 1996, at 63 Fed. Reg. 14448.]
2. Assistance means any contract, grant, loan, cooperative agreement, or other form of assistance, including the insurance or guarantee of a loan or mortgage, that is provided with respect to a specific project or activity under a program administered by the Department. The term does not include contracts, such as procurements contracts, that are subject to the Fed. Acquisition Regulation (FAR) (48 CFR Chapter 1).
3. See 24 CFR §4.9 for detailed guidance on how the threshold is calculated.
4.
