# City and Borough of Wrangell 2016-2017 Fiscal Year Draft Budget

## Borough Manager Report and Draft Budget Discussion

I would like to thank all of our department directors for their assistance in the preparation of the draft budget. In particular, I would like to thank Lee Burgess, our Finance Director. Since starting on the budget in January and the months that followed, he has spent a great deal of his time working on this document. A great deal of time goes into the payroll calculations, estimation of revenues and the other work involved.

### **Major Concerns:**

The past two years have been a time of concern financially for the entire state because of low oil prices. The state is in a financial crisis and has been cutting expenditures from their budget which includes a variety of cuts to municipalities. More specifically, to date it has included a 45% cut to our Jail and about a 37% cut to revenue sharing (now called Municipal Assistance) since the 2015 Fiscal year. Those two items alone add to \$435,000 or a reduction equal to 8% of our total general fund budget. To add to our challenges, we just learned that our group health insurance for our employees is going up 38% next year. This is equal to \$361,000 more than we are paying in the current fiscal year. To give the reader an idea of what this means, this \$796,000 negative impact is equal to 46% of the total property tax that is collected.

Other concerns include the lack of capital money to replace and repair equipment and buildings satisfactorily. Currently in the general fund, we have \$1.4 million in requests and can only fund approximately \$200,000 in capital without running a budget deficit.

### **Cost-saving measures:**

As is common within many organizations, employee costs are the largest portion of the annual budget. To make any progress in balancing the budget, employee costs have to be part of the equation. Thirty years ago, for each dollar we spent in wages, we would spend about 35 cents for various employee benefits, which includes payroll taxes, retirement, insurance, workers compensation, and other required employer costs. Today, and factoring in the current 38% health insurance increase, the benefits will range from about 75 cents per dollar spent on wages to \$1.35 for each dollar spent on wages depending on the particular employee's wage and whether a spouse and/or dependents are enrolled in the health insurance.

To resolve this, we have eliminated several positions over the last two years through attrition:

- Approximately two years ago the Museum Director resigned and the duties of this position were combined with the Civic Center Director. The Civic Center Director was given a modest increase in pay for the additional duties. To date this has worked out without any issues.
- Several months ago one police officer resigned and that position was not replaced. The remaining officers on staff may incur some additional overtime because of this and, on occasion, we may have to adapt to less coverage from time to time, but I do not see that this will create a large public safety problem in Wrangell. Wrangell was the safest city in Alaska according to recent reports issued by Safewise and Movoto.

- A half-time mechanic resigned and that position has not been refilled. In emergencies, we have had the Diesel Electric Mechanic from the Light Department help out and from time to time we may need to hire a temporary helper to do some of the less complicated jobs such as oil changes. We will need to wait and see how this works out.
- We have recently had our new part time collections clerk in the finance department resign. At the same time we heard that our State Youth Court Grant has not been renewed for next year. The Youth Court Grant helped pay for a position at the police department that also does the DMV. Effective July 1<sup>st</sup>, that person will split time between the DMV and City Hall. This will be an overall savings to the city and will allow the employee the opportunity to work full time.
- We are investigating options on health insurance as well. Most of the options that would save the Borough significant money would cause a significantly negative effect on employees so we are seeking solutions to this very difficult and complex problem.

These cuts have allowed us to date to continue to provide the same level of services to the community without raising taxes or other fees. As the various negative issues financially continue to challenge us, we will need to at some point make the decision to reduce services or raise revenues through a variety of possible sources. I am not suggesting that in this upcoming budget, but letting the Borough Assembly and the public know that day may be necessary in the near future.

#### **General Fund Summary:**

- Mill rate is projected at the current 12.75 mills
- Property and Sales Taxes are stable, but not increasing significantly
- We are proposing to eliminate one of the two Tax Free Days
- State Revenues are down substantially
- Group insurance increase is 38%. We are looking at alternative options.
- Other general fund revenues are relatively stable
- A significant amount of the general fund capital being funded is in the Public Safety Building which is eligible for grant funding that we will be actively pursuing. Also because of cost saving measures last year along with unplanned revenues we had a surplus which we are using to fund next year's deficit. Without any capital, we would have a surplus of approximately \$250,000, but there are certain things that have to be repaired, and others that should be but aren't funded at this time due to financial constraints.
- We are recommending the funding the support to the Chamber of Commerce, KSTK and the Senior Center at the same levels as the current year. The Chamber's work on the 4<sup>th</sup> of July, for example, brings in thousands of dollars in sales tax to the community. KSTK is an essential part of the community and the Borough. They broadcast our meetings, announce borough events, job advertisements and provide our emergency broadcasting. The Senior Citizens Program is essential in a community that is one of the oldest demographically in Alaska.
- Other services we plan to continue to provide at existing levels. These include City Hall, Fire, Police, Public Works, Library, Parks and Cemetery, Parks and Recreation and the Nolan Center. Each of these provide many different services to the community that are all important to attract new people and businesses to our community.
- We are budgeting limited capital funds in the general fund. The main focus is going to be repairs to both the public safety and swimming pool buildings. Some of the repairs are required by the Fire Marshal driven and some are direly needed building repair issues. More detail is provided in the Capital Projects section of the budget.

### Major Capital Projects Anticipated:

- **Wood Street Construction** - This project has been awarded and will likely start within the next month or two with completion by fall of 2016. This will be almost entirely funded by a previously awarded legislative grant.
- **Evergreen Avenue Road Construction** - the State of Alaska Department of Transportation and Public Facilities is doing this project for the City and Borough of Wrangell. The latest information that we have received is the project will go to bid this summer with some work to be completed in this calendar year. The balance of the work and the paving portion will be done in 2017.
- **Shoemaker Bay Harbor** - This project is designed and ready for construction. If the legislature puts the same amount of money into the harbor matching grant program as they did this year, there is a good chance that the Wrangell Project will be funded next year with construction in the 2017-2018 Fiscal Year.
- **New cemetery** - Although we do not have any funding in the budget for a new cemetery, we need to start the discussion. Currently we are running out of space and have not identified a new site. The cost of developing a new cemetery will be expensive. Staff has discussed this but have not come up with a site that would meet several criteria which include reasonably close to town (5 miles for city center), large enough and reasonably economical to develop.

### Major goals:

- As the state capital budget river dries up, staff will focus on federal grant sources for the following:
  - a. **Public Safety Building Renovation** - This will include fire system, roof, siding, windows, mechanical, court carpeting and other deficiencies in the building.
  - b. **Fire Truck** - The fire truck may have to wait if the Public Safety Building grant is received because we can only have one project at a time under this program.
  - c. **Completion of the Mill Study and Analysis** - Once the study is complete and the recommendations from the consultant are presented, formulate a plan to either move forward or not purchase the property. We believe there is federal grant sources possibly available for this type of development.
- Completion of the Institute land use design and to formulate a plan to begin opening up the residential component of the plan at a minimum.
- Look at alternatives to the current health care situation where premium amounts are approaching or at unaffordable limits.
- Discussion with assembly on criteria for providing water and sewer extensions to new customers. This mainly revolves around the cost/benefit analysis to both the borough water and sewer funds and the benefit to the customer.
- Get more city land into private ownership. This will include both industrial and residential.

### **Enterprise Funds:**

The Borough has 5 enterprise funds, which are the Port, Sewer, Water, Sanitation and Light Funds. Each fund is required to set rates to maintain operating and capital needs without support from the General Fund. Over the last 5 years, the rates on all of these funds have increased so that a healthier level of funding is available for operations and capital replacement. Most of these still fall short of the reserves that should be maintained for capital replacement.

Most concerning for immediate needs is the Sanitation and Water Funds.

The sanitation has a fully depreciated, worn-out excavator used daily for loading garbage into shipping containers, and two garbage trucks that are also nearing the end of their life in a few years and at this time there are not the funds to replace them. There is an automatic increase in the Sanitation rates effective July 1, 2016 that will help some, but likely will not be enough to raise the funds to replace these capital items.

The Water Fund has some potential large expenditures at the water treatment plant, specifically another ozone generator, and some plant modification to make the working area in the sand filter room safer. We will be pursuing a State of Alaska DEC grant for the ozone generator, but have a low chance of getting this as it is a competitive process. These funds are federal and pass through the state so the source of these funds is protected. In addition, we have submitted grant requests for the failing transmission lines in several areas of town. If we are not awarded any grants, we may have to replace these with our own funds and there is not enough money to do that.

I believe the Sewer and Light Funds are currently funded at levels to maintain operations and capital replacement into the future as long as something unexpected does not happen.

The Port Fund consists of four parts - the Harbors, the dock/barge area, the Marine Service Center and the Capital Replacement Funds. Although the current rates are able to fund the operations and some capital, it does not fund the replacement of float systems, haul out machines, or docks. I know the Port Commission and the Harbormaster are currently looking at rates and will likely have a recommendation to the assembly about this.

We are not recommending any rate increases for electricity, sewer or water at this time, nor the Sanitation Fund aside from the already-approved and scheduled 3% rate increase effective July 1. Port fund increase are pending action by the Port Commission.

### **Draft Budget Summary:**

The budget before the assembly we believe provides existing levels of service and although in the general fund it dips into the reserves slightly for capital needs, it was in fact funded by a surplus from the previous year. Challenges will continue in the upcoming years as funding drops and employee costs increase.

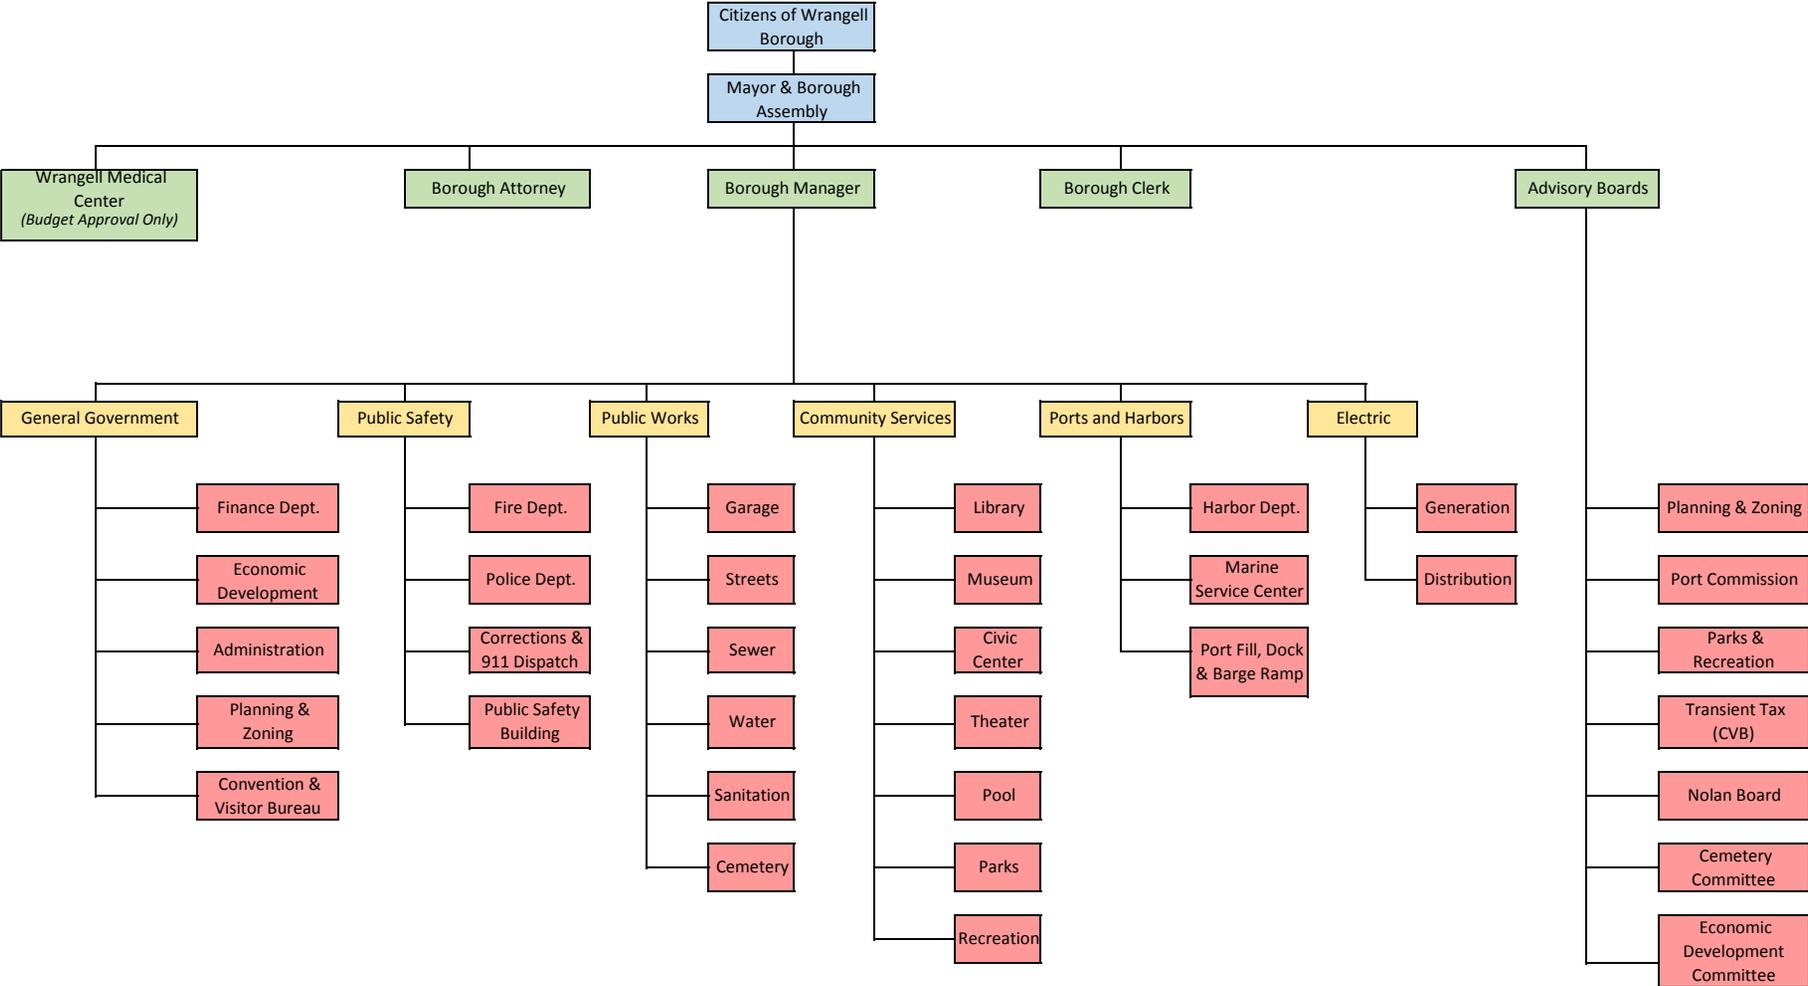

I believe we also have opportunities before us, such as development plan for the Institute site for multi-purpose uses, the potential of the mill purchase and development to increase jobs and economics, and moving forward with the hospital construction. None of these projects are easy and all of them will

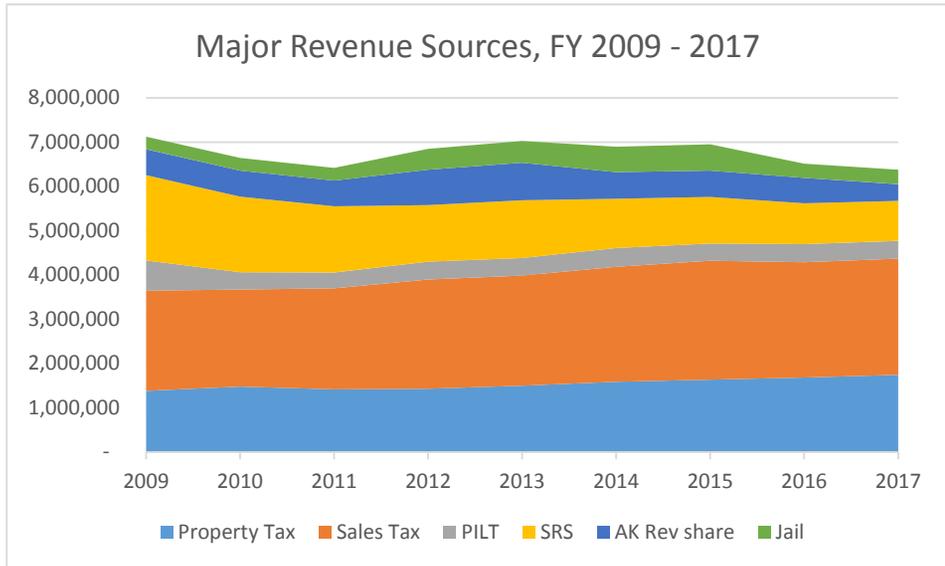

challenge us financially, but we have been extremely resourceful and creative over the last 15 years to accomplish a wide array of projects that have been completed successfully without large financial sacrifices to the Borough.

We welcome questions, ideas and debate to be sure that our ideas in putting together the budget are reflective of the public, staff and the assembly.

**DEPARTMENT MISSION AND RESPONSIBILITIES**

Provide financial stewardship for Borough resources, financial service and assistance to other Borough Departments, and excellent customer service to the public.

**CURRENT AND NEAR-FUTURE GOALS AND MAJOR WORK PLANS**

Convert to newer accounting software to a new system, train and cross-train staff & improve work flow and efficiencies of new accounting software system  
Analyze, revise and establish policies, procedures, & accountant desk manuals  
Analyze strategies for addressing anticipated budget shortfalls from decreased Federal and State support  
Review and forecast enterprise fund financial condition, rates, and capital needs

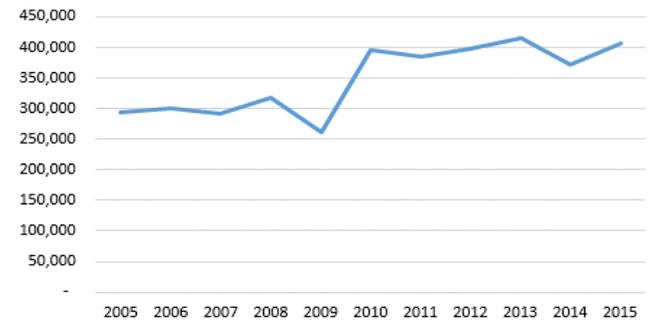

**CHANGES FROM PRIOR YEAR'S BUDGET**

Transition to new accounting software conversion will drive increases to overtime, travel & training, IT consultant/assistance expenses, and City Hall capital expenditures (see Fund 18).  
Minimizing additional internal staff time could result in increased IT consultant expenses.

**CHANGES FROM PRIOR YEAR**

ONE POLICE OFFICER WHOSE PERSONNEL COSTS WERE ALLOCATED TO THE COMMUNITY JAIL RESIGNED IN FY 2016 AND TO THIS POINT HAS NOT BEEN REHIRED. ONE OF THE REMAINING ACTIVE OFFICERS' PERSONNEL COSTS ARE ALLOCATED TO THE JAIL, SO THIS REDUCES THE FTE IN THE POLICE DEPARTMENT BY ONE.

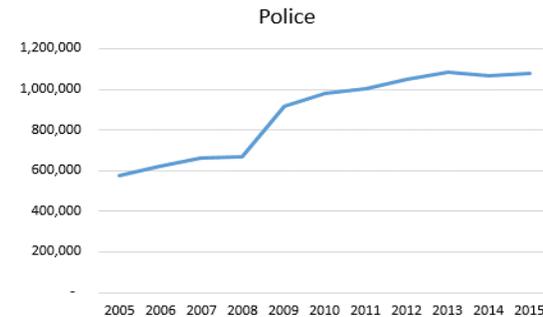

THE STATE OF ALASKA HAS DISCONTINUED FUNDING FOR WRANGELL'S YOUTH COURT. 50% OF THE COORDINATOR'S TIME WILL CONTINUE TO BE ALLOCATED TO THE DMV.

GARAGE ALLOCATION IS INCREASED TO MORE CLOSELY REFLECT ACTUAL TIME SPENT, AGING VEHICLES ANTICIPATED TO REQUIRE MORE MAINTENANCE, AND FUEL USAGE.

BOAT EXPENDITURE BUDGET IS REDUCED DUE TO INFREQUENCY OF USE. ANY UNFORESEEABLE NEEDS WILL BE ADDRESSED IF/AS THEY ARISE.

**HISTORY OF THE ECONOMIC RECOVERY FUNDS**

The Economic Recovery Funds were federal funds issued to the community after the federal government canceled the long term timber contracts which put most of the mills out of business in Southeast Alaska. The City of Wrangell received approximately 37 million dollars to assist in rebuilding our economy, a considerable amount of which was leveraged with state and federal grant sources to expand the scope and duration of this assistance.

Projects funded from this money included Wrangell's Sewer Treatment Plant, extensive water and sewer infrastructure improvements and extensions, a power plant upgrade, purchase of the downtown mill site, numerous dock and harbor repairs and reconstruction projects, establishment of Wrangell's Permanent Fund and Museum Construction Fund, support to the schools and hospital, and a wide variety of other infrastructure and community projects.

This page details the remaining balance remaining from those funds.

**EXPENDITURE DETAIL & CHANGES FROM PRIOR YEAR(S)**

SEASONAL HARBOR LABOR PREVIOUSLY BUDGETED IN WAGES WILL BE BUDGETED IN CASUAL LABOR. PREVIOUSLY ALL HEALTH INSURANCE BENEFIT EXPENSES WERE REFLECTED IN HARBOR BUDGET AND 0% TO PORT/DOCK FUND (74-03). IN CURRENT AND FUTURE YEARS, 30% OF HEALTH BENEFIT EXPENDITURES WILL BE ALLOCATED TO PORT/DOCK, SIMILAR TO HOW OTHER HARBOR PAYROLL EXPENSES ARE SHARED.

61% OF STALL RENT REVENUE IS TRANSFERRED TO HARBOR REPLACEMENT FUND, BROKEN OUT AS FOLLOWS:

STALL LENGTH	PRICE	DEFERRED	% DEFER
0-30 FT.	\$28/FT	\$15	54%
31-55 FT.	\$33/FT	\$20	61%
56 FT. & UP	\$38/FT	\$25	66%

AVERAGE OF ALL DEFERRAL RATES:                      61%

ONE-THIRD OF HARBOR OPERATING EXPENDITURES CAN BE FUNDED BY RAW FISH TAX SHARE FROM STATE OF ALASKA. ANY REMAINDER OF RAW FISH TAX REVENUE FROM STATE IS TRANSFERRED TO CFI REPLACEMENT FUND.

**HARBOR REPLACEMENT FUND**

PORT COMMISSION INSTITUTED A PROGRAM TO INCREASE THE MOORAGE RATE TO \$25/FOOT SEVERAL YEARS BACK, AND AGREEING TO \$12 FOR HARBOR/FLOAT REPLACEMENT AND RELATED INFRASTRUCTURE COSTS. THE REMAINING 13/25THS OF STALL RENT SUPPORTS HARBOR OPERATIONS YEAR TO YEAR.

STATE OF ALASKA TRANSFERRED \$1.37 MILLION FOR THE BOROUGH PORTS & HARBORS TO REBUILD HARBOR FLOATS/DOCKS/ETC. 50% OF THIS WILL BE RESERVED FOR MEYERS CHUCK.

PLANS FOR THESE FUNDS INCLUDE USING IT TO MATCH THE STATE'S HARBOR MATCHING GRANT PROGRAM TO REHABILITATE SHOEMAKER HARBOR AND MEYERS CHUCK FLOAT/DOCKS.

**COMMERCIAL FISHING INFRASTRUTURE FUND**

THE PORT COMMISSION ADOPTED IN 2012-2013 A POLICY TO USE A PORTION OF THE RAW FISH TAX FOR IMPROVEMENTS AND REPLACEMENTS USED BY THE COMMERCIAL FISHING INDUSTRY. THE AMOUNT IS DETERMINED BY MULTIPLYING HARBOR OPERATING EXPENDITURES BY ONE-THIRD TO DETERMINE THE AMOUNT OF RAW FISH TAX THAT CAN BE USED TO SUPPORT THE HARBOR'S ANNUAL OPERATING COSTS. THE REMAINDER OF THIS TAX SHARE FROM THE STATE IS TRANSFERRED ANNUALLY TO THIS FUND.
