Summer Reading Program

*Now Taking
Donations!*

We are revving up for this year's summer reading program! The annual program is open to children entering kindergarten through 9th grade.

The library and the school district have shared resources and computers over the last 21 years in order to maintain and/or increase student reading skills over the summer vacation.

Please consider donating to this year's Summer Reading Program, which will enable the library to continue to offer this popular and beneficial program to our community's children!

Contact us at the library for further information.
