**In-Sink-Erator SS30027 Commercial Garbage
Disposer 3 hp 208230/460V**

The Insinkerator SS30027 is a 3 hp commercial garbage disposer with a heavy duty capacity that's suitable for use at soiled dish tables, vegetable prep areas, and meat and seafood prep areas in larger restaurants, hotels, hospitals, or cafeteria kitchens that serve up to 750 persons per meal. This 3 hp commercial disposer features a totally enclosed, aircooled motor that's designed for efficiency and long life, thanks to its builtin thermal overload protection. The Insinkerator SS30027 features a durable stainless steel grind chamber with stationary and rotating cast nickel chrome alloy cutting elements which help ensure dependable service. This 3 hp Insinkerator SS30027 commercial disposer is backed by a full 1 year manufacturers warranty from the installation date. It is UL Listed, and has the following electrical configuration 208230/460V, 60 Hz, 3 phase. It measures 20 high. For additional information, detailed measurements, and installation requirements, please consult the specification sheet.
