

## Equipment ID: PhTher-13 Treatment Table

### **ProLuxe™ PT100 Hi-Lo Treatment Table**

With a 550-lb weight capacity, the table secures and lifts large to bariatric size patients with ease. The low 18" height setting simplifies difficult patient transfers and helps achieve ADA compliance. Height adjusts from 18" to 34" for multiple interventions such as deep tissue work, manipulation and ADLs. 29"W x 73"L. FDA and ETL approved.
